

Lisocore and Plexiglass Fortis-Lux Panel

Fortis-Lux

Della Rovere strong and lightweight panel

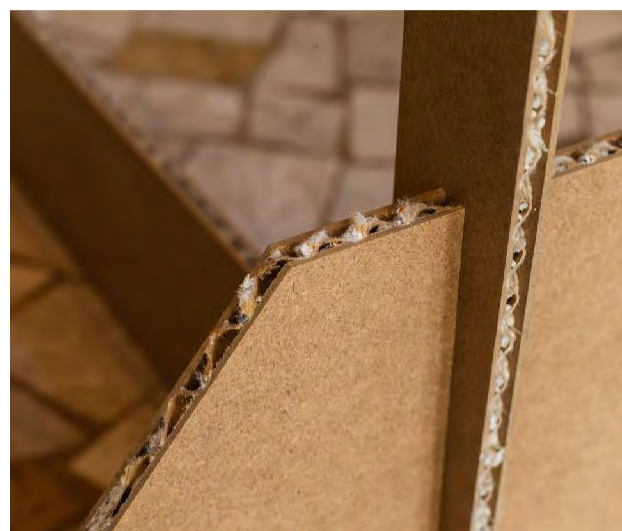

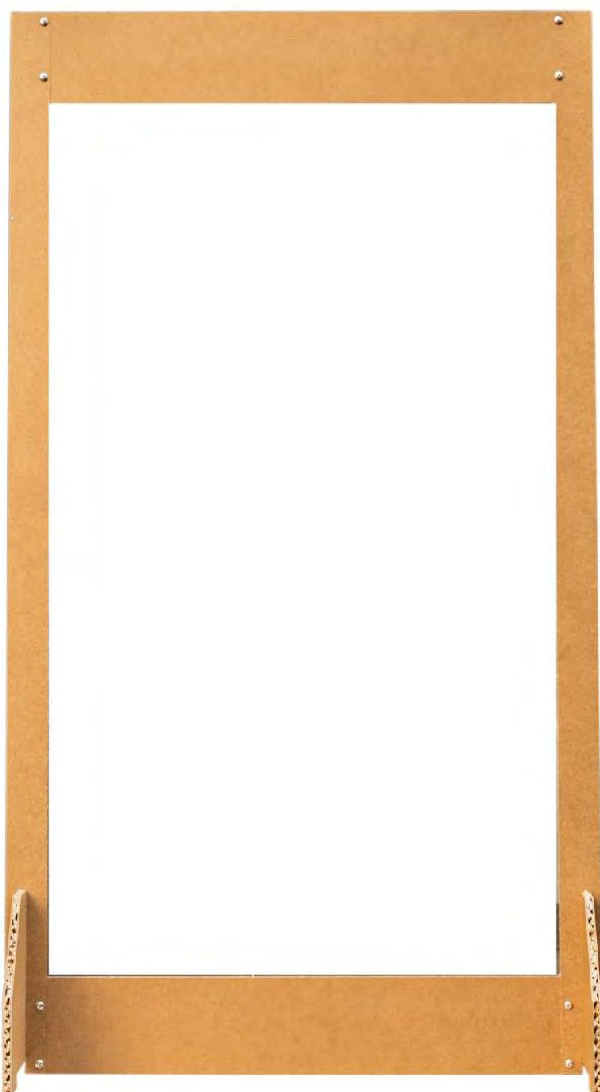

Lisocore and plexiglass panel, strong and lightweight for the separation interiors with antibacterial protection.

Lisocore free-standing structure.

Lisocore is honeycomb composite wood, ultralight, patented, unique of its kind as for lightness and strenght, easy to assemble, composed by two bases with interlocking system.

The central panel is made up of transparent plexiglass that lets in light, it's easy to clean and it doesn't make the environment dark.

For plexiglass cleaning, use soft cloth and mild soap or cleaner and lukewarm water
